About

ABI INTERIORS

ABI Interiors is an Australian-designed fixtures supplier specialising in high-quality kitchen and bathroom products for the modern home. We embrace simplicity, longevity, and durability as the foundation for our innovative range — crafted to elevate your everyday experience.

Our offering includes tapware, basins, sinks, tiles, baths, showers, and other interior products, featured in up to seven signature finishes to complement any space.

We believe in timeless design, creating each piece to be enjoyed for many years to come. This confidence in our products has

inspired our 25-year additional warranty. Our mission is to empower homeowners and trades with access to premium products at an inclusive price point without compromising on quality.

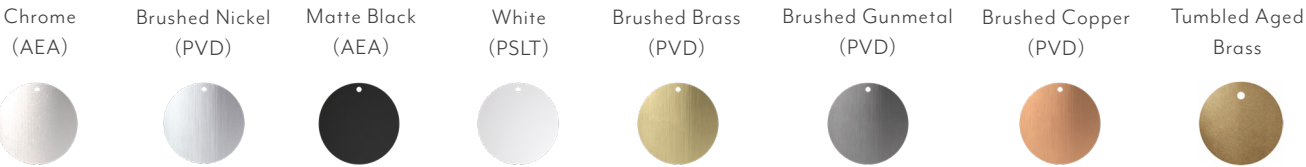

We are dedicated to upholding excellence across each part of the ABI journey and have carefully considered every detail from inspiration through to installation. With the input and support of our customers as the driving forces, we're proud to continue redefining the experience of home design.

Construction and Finishes

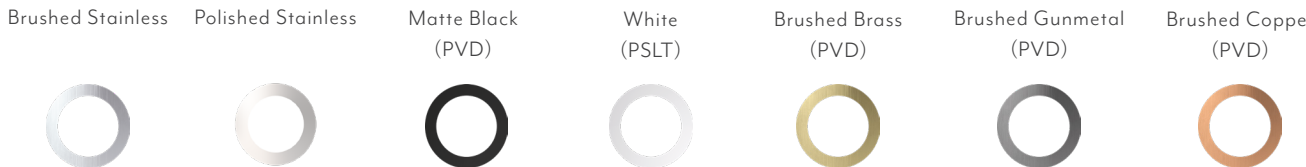

SOLID BRASS

Solid brass is the most commonly used material across our entire range. Our solid brass is an alloy of 61% copper and 36% zinc and 3% other elements, including phosphorus, aluminium, magnesium, and lead. The Australian standard for lead levels cannot exceed 4.5%. The lead content within our solid brass products is significantly under the required limit.

STAINLESS STEEL

Our stainless steel products contain no lead and are very resistant to corrosion, with high-yield strength. This means they can withstand high-stress conditions with a reduced chance of permanent damage. Our stainless steel items are available in 304 stainless steel and 316 stainless steel.

SOLID SURFACE

Our solid surface is an engineered material composed of aluminium trihydrate (ATH), acrylic, epoxy or polyester resins and pigments. This combination is remarkably strong and durable, giving a natural stone-like feel.

ACRYLIC

Acrylic is a material we use across our range of baths. They are vacuum moulded products made of acrylic resin and reinforced with fibreglass. Additionally, our acrylic baths feature double walls to increase thermal insulation.

Matte White

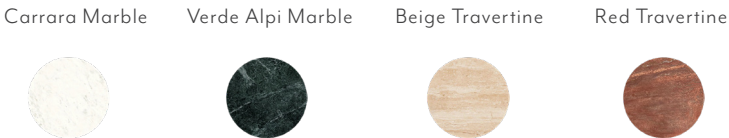

GRANITE

Natural granite is formed from molten rock and is what we use to create some of our basins. It's a highly durable material requiring minimal maintenance. We recommend applying a natural stone sealer to help preserve the finish.

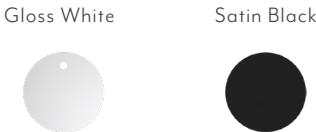

NATURAL STONE

As this is a natural stone, each product will have some finish variations with its own individual character. Use a natural stone sealer before use to help preserve the finish.

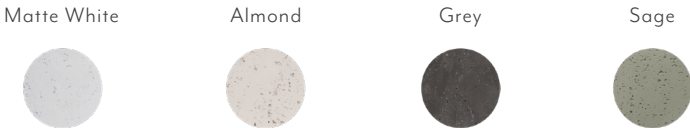

FIRECLAY

Ceramic is a highly-durable material, and its non-porous surface makes it exceptionally stain-resistant. We offer several ceramic sinks within our range.

CONCRETE

Genuine concrete construction. Quality tested against impact, cracking, water absorption, and stain resistance, plus more, to ensure excellent durability.

TUMBLLED AGED *Brass*

Creating tumbled brass is an artful process, transforming raw materials by 'tumbling' them in a specialised drum with abrasive stone. The finished product will then develop a thin, natural film, or 'patina', giving each piece a sense of authenticity.

This differs from other brass products that are usually lacquered to prevent oxidation and tarnishing. Lacquering is not typically long-lasting and signs of flakiness and wear will inevitably occur. This range is un-lacquered as it values the ageing process and immense durability of uncoated brass.

Vanities

Vanity Construction

Our bathroom vanities are constructed from high-density moisture resistant particle board for enhanced durability. 2PAC, laminate, or genuine oak timber is bonded to the surface of the cabinetry to complete the finish.

The wide range of appealing finishes are designed to help define your space. For laminate surfaces, these include Pure Oak, White Ash Oak, and Dark Oak. For our 2PAC surfaces, you have the option of either White or White Shaker. Genuine Timber is available in Reeded Oak Timber.

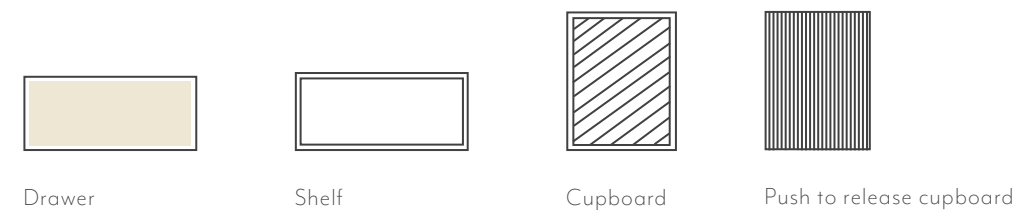

Our composite stone top is a human-made stone that is lightweight and durable, and available in two colourways, including Glacier White and Carrara Marble.

Basin Positioning

Basin positioning for all of our vanities is to be centred to the drawer fronts only. For example, if you choose a two-drawer vanity, your basin will be centred to the drawer front and installed on either the left or right side.

Please note: ABI Interiors does not provide cut-out holes in your stone for your basins; the positioning refers to the waste allowance in the drawer only. Your on-site installer will assist you with this.

Warranty

UP TO 25-YEARS ADDITIONAL RESIDENTIAL WARRANTY

ABI Interiors offers up to 25-years additional warranty for residential customers subject to our warranty terms and conditions.

UP TO 10-YEARS ADDITIONAL NON-RESIDENTIAL WARRANTY

ABI Interiors offers up to 10-years additional warranty to non-residential applications of our products subject to our warranty terms and conditions.

WARRANTY COVERAGE

Both ABI Interiors' residential warranty and non-residential warranty offer coverage in relation to a product's:

Structure – including its construction, material, and assembly;
Finish – including the product's coating and external appearance; and
Cartridges – where a product contains cartridges, ABI Interiors' warranties cover faults in those cartridges.

You can view our full warranty terms and conditions on our website:

<https://www.abiinteriors.com.au/help-centre/warranty-and-product-enquiry/>

ALL ABI INTERIORS' PRODUCTS ARE TESTED AND CERTIFIED TO MEET ALL REQUIRED STANDARDS IN THE MARKETS IN WHICH WE OPERATE.

Our tapware is certified under AS/NZS 3718 : 2005.

WaterMark Licence: WM- 022852.

CATALOGUE DISCLAIMER

The products described in this catalogue are those made available from April 2025. ABI Interiors will aim to maintain stock for all products listed in this catalogue until April 2026, however stock levels are subject to change without notice and depiction of a product in this catalogue is not a guarantee that a product is in stock. ABI Interiors reserves the right to discontinue a range, model, colour, or finish of a given product at any time. Images in this catalogue are for illustration purposes only and may not be to scale. We endeavour to ensure that all finishes are displayed accurately, but you should be aware that finishes and colours may appear different from the true finish and colour in print or on different displays and screens. Due to the nature of the colouring process there may be slight colour variation between products and batches.
