Vanity Selection

Vanities are one of the most customisable elements in a bathroom.

With the wide variety of sizes, configurations, finishes, and benchtop materials available, selecting the right vanity is best approached as a considered, personalised process.

We invite you to review the guide below and share any inspiration images or preferences with the **TrinityCon team**. Using your layout, design intent, and budget as a framework, we will curate a refined selection of vanity options tailored specifically to your space.

Vanity Selection Guide

1. Vanity Style

- Wall-hung or floor-standing
- Contemporary, classic, or minimal profiles

2. Size & Proportion

- 600, 750, 900mm for compact and standard bathrooms
- 1200–1500mm for master bathrooms
- Double vanity layouts for shared spaces

3. Storage Requirements

- Drawer or cupboard configurations
- Internal organisers and soft-close functionality

4. Finish & Materials

- Timber-look, matt or painted finishes
- Ceramic, stone, or solid surface benchtops

5. Basin Configuration

- Integrated or above-counter basins
- Single or double bowl arrangements
